## Motor Car, Sales, Maintenance, Spares and Repairs

Our Maintenance Package is more than just an oil change. We start with an oil and filter change, being sure to use the factory-recommended viscosity grade.

Then we rotate all four tires and perform a visual check of your vehicle's major systems: engine, transmission, brakes, steering, starting and charging, heating and cooling, and lighting. We'll also walk you through your vehicle manufacturer's recommendations for replacing these vital fluids and filters. When your car rolls off our lift, you can be confident it will be safe and reliable.
